Biography

Richard Sheinis has litigated in federal and state courts for 37 years and has been the first chair for approximately 175 jury trials. His clients have included health care professionals and institutions, technology companies, and global business entities.

Rich takes advantage of his litigation background to work with businesses in the areas of data privacy and cybersecurity, employment, and technology. He works with a wide variety of companies from small technology businesses to publicly traded companies with a global footprint.

Rich also teaches Health Information Privacy and Security as an adjunct professor at the University of North Carolina at Charlotte.

Data Privacy & Cybersecurity

Rich is a Certified Information Privacy Professional (CIPP-US) and a Certified Information Privacy Technologist (CIPT) through the International Association of Privacy Professionals (IAPP). He works with companies to investigate and respond to HIPAA and other data breaches, advises on regulatory compliance including HIPAA, COPPA, PCI DSS, cross-border data transfer, the EU-US Privacy Shield, and other global privacy regulations. Rich is well-versed in technology matters, and regularly works on technology issues related to:

- Software as a Service (SaaS) agreements
- Web development and hosting
- Cloud computing
- Electronic Health Record software agreements
- Software licensing
- Technology outsourcing
- Data analytics

Labor & Employment

Rich has represented the interests of clients in a variety of employment matters. He has defended clients against discrimination claims base on race, religion, national origin, sex, disability, and age as well as Title IX claims against colleges and universities. He has also represented clients in lawsuits alleging violations of the Family Medical Leave Act, the Fair Labor Standards Act, and a variety of claims alleging wrongful termination. Representative matters include:

- Defended hotel chain against claims of national origin and religious discrimination.
- Defended employer against claim of gender discrimination.
- Represented health care providers against claims of disability, religious and racial discrimination.
- Prepared employment agreements, which included non-compete, non-solicitation and non-interference restrictive covenants.
- Responded to EEOC charges on behalf of a variety of employers.
