

## BRUNSWICK OFFICE

---

# Brunswick Office

The **HBS** Brunswick regional office is located on the historic "Darien Highway," U.S. Highway 17. Brunswick and the Golden Isles offer glimpses into America's colonial history while simultaneously providing some of the most beautiful and delicate ecosystems of saltwater marshlands in the world.

Our Brunswick attorneys, supported by a diverse and dedicated team, practice in all areas of insurance defense, including Workers' Compensation, Medical Malpractice, and Hospital Law. We serve clients throughout southeast Georgia, from Waycross to Savannah to Augusta. Our attorneys have successfully defended numerous insurance defense cases through trial and appeal all over southeast Georgia.

At HBS, we are deeply committed to engaging with and supporting charitable organizations in every community where we do business. Dedicating our time, resources and financial contributions to worthwhile causes is at the core of our business philosophy. When we support worthy causes, we extend a helping hand to people in need, and enable these communities to thrive and prosper. And, in the process, we create enriching life experiences for our employees, who enjoy the opportunity to give back to their own communities. No matter where HBS does business, we are involved in local charities so we can make the world a better place for everyone.
